Your privacy is important to us and Safedrive Africa Foundation (SDAF) is committed to protecting it. We collect certain types of information about visitors to our website. Below is an explanation about the types of information we gather and what we do with it.

Information Collected

Safedrive Africa Foundation (SDAF) collects identifying information from users: personal data (such as names and e-mail addresses); and aggregated data such as information about traffic patterns on our website.

Privacy Policy

Personal data is collected when users voluntarily provide such information to Safedrive Africa Foundation (SDAF), for example in registering for electronic newsletters, purchasing items, and registering for other promotional opportunities. We will not use your personal data for any purpose other than as stated, and will not sell or rent your name or address to any third parties whatsoever.

Aggregated Information

Aggregated information, such as which pages users access or visit and information volunteered by users, such as survey information and/or site registrations, is collected through various methods. For example, Safedrive Africa Foundation (SDAF) collects IP addresses. An IP address is a number that is automatically assigned to your computer whenever you surf the internet. Web servers, the computers that host websites, automatically identify your computer by its IP address, and when you request a page from [Http://safedriveafrica.org/](http://safedriveafrica.org/), our servers log your IP address. [Http://safedriveafrica.org/](http://safedriveafrica.org/) does not link IP addresses to anything personally identifiable, so although your session will be logged, you will remain anonymous to us.

Except for personal information voluntarily provided by you, [Http://safedriveafrica.org/](http://safedriveafrica.org/) does not use information transferred through cookies for any promotional or marketing purposes, nor is that information shared with any third parties whatsoever.

[Http://safedriveafrica.org/](http://safedriveafrica.org/) uses both the personal and aggregated information we collect for multiple purposes. The information is used to improve content on our website, to customize the content and/or layout of our website for each individual user and to notify users about website updates or promotional offers or announcements we believe will be of interest to you.
